1.

Question 1

Which of the following are sections on the Tableau welcome screen? (Select all that apply.)

1 / 1 point

☐

Publish

☒

Connect

Correct

The 3 sections of the Welcome screen are Connect, Open, and Discover.

☒

Open

Correct

The 3 sections of the Welcome screen are Connect, Open, and Discover.

☒

Discover

Correct

The 3 sections of the Welcome screen are Connect, Open, and Discover.

2.

Question 2

Select all the options for connecting to data which are present on the Welcome Screen under "Connect". (Select all that apply.)

1 / 1 point

☒

Connect to a file

Correct

You can connect to files stored on your computer from the Welcome screen.

☐

Connect to a workbook

Connect to a server

Correct

You can connect to a few types of servers from the Welcome screen of Tableau Public.

Connect to an email

3.

Question 3

The Welcome screen shows any Tableau workbooks you have recently opened.

1 / 1 point

True

False

Correct

The center of the Welcome screen shows thumbnail images of recent workbooks you have opened.

4.

Question 4

What happens when you click on the Tableau logo in the upper left of the Worksheet screen?

1 / 1 point

You go back to the Welcome Screen

Nothing happens, it's just an icon.

Correct

Clicking on the Tableau logo brings you back to the Welcome screen.

5.

Question 5

Along the top of the Worksheet screen, what does the dropdown menu do, which defaults to "Standard"? (Include image?)

1 / 1 point

Adjusts the size of the bars in a bar graph

Adjusts the fit of your worksheet

Correct

Standard has no constraints, fit width/height squish or stretch your data to fill the respective width or height of the page while leaving the other dimension unconstrained, and Entire View constrains both the width and height so that your data fits within the screen.

6.

Question 6

What does a green pill mean?

1 / 1 point

Continuous data

Discrete data

Correct

A green pill means your data is continuous, meaning that it can take on any value.

7.

Question 7

Which axis does the Columns shelf control?

1 / 1 point

Y-axis

X-axis

Correct

The Columns shelf controls information which is to be stored horizontally, so it is synonymous with the x-axis.

8.
